Canterbury.

Course Insight

Accounting is at the heart of all business decisions and encompasses a vast range of careers, from traditional auditing to global management consulting. To reflect this, our experienced team has created a wide range of modules structured to allow you to gain a thorough understanding of accounting without committing to a career as an accountant.

All the benefits of a
UK University Degree
without leaving Cyprus!

Alexander College, in collaboration with Christ Church Business School has strong professional links and provides great opportunities to gain work experience to prepare you for the future. With the specific programme, you will also gain 9 exemptions from ACCA and a minimum of 6 exemptions from ICAEW.

Teaching and Learning

The course is taught through a diverse mix of learning environments including tutor-led, independent student-led and group projects. Lectures, workshops/seminars and group project work are elements of the teaching strategy. Further to this, independent study including research, online work and preparation for assessment are essential. Guest speakers and real life case studies broaden knowledge of the industry and ensure graduates are work-ready and informed of the latest developments in the field.

Assessment

You will be assessed through a mix of coursework and examinations, all of which aim to assess not only what you know and can do but also develop the graduate attributes that are valued by employers.

These attributes include communication and presentation skills, IT and numeracy skills, teamwork, project and time management skills as well as the intellectual skills of problem solving, critical thinking, analysis and evaluation, creativity and innovation.

Coursework comes in many different forms: essays and reports, business plans and applied research projects, portfolios and weekly notes, assessed group and individual presentations and posters. You will also be required to reflect and comment on your own learning and personal development.

Enrolment and Duration

This is a three-year full time programme. Each academic year usually commences in the first week of October and, in some cases, the last week of September. The academic year runs for a period of 28 weeks. Students may enroll up to two weeks before the course starting date however, early enrolment is advised as places are limited.

Entry Requirements

Candidates must be at least 17 years of age by 1st September of the year they wish to enter onto the course and must hold a Secondary School Diploma or Foundation Diploma/Certificate or

AC

equivalent. You will also be required to be proficient in the English Language.

Graduation Requirements

The entire course comprises of a total of 18 modules over 3 years. To achieve the BSc(Hons) degree, you must complete all modules to achieve the required 180 credits (ECTS*). See 'Course Structure'.

If, for any reason, you are unable to complete the full course you may qualify for an interim award providing you have completed the required minimum credits. A Certificate may be awarded to students who have achieved over 60 credits or a Diploma for students who have achieved over 120 credits before discontinuing their studies.

Where Next?

Many graduates go on to study accounting at professional level. However, these exceptionally versatile degrees open doors to a variety of roles in business. Our graduates leave with crucial skills, diverse career paths and valuable knowledge and experience of real environments to thrive in a competitive job market with a fast-paced, ever-changing global economy. Due to the flexible nature of this course, students may enter employment in conjunction with their studies.

It is the intention of the University and Alexander College to deliver the course/modules as published in this brochure. To ensure our provision is kept relevant and current, the University and/or the College may change, combine or withdraw courses/modules in response to stakeholder feedback or limited demand.
